

## EduCode 2012 International Code Council (ICC)

Allan Bilka

Allan Bilka is a Senior Staff Architect with the International Code Council (ICC). His primary responsibilities are related to green and sustainable building, serving as Secretariat in the development of the International Green Building Code and ICC Staff Liaison in the development of the ICC 700 National Green Building Standard. He also manages the green and sustainable building related portions of the ICC website, including the Green Building Community of Interest, and speaks publicly and serves as an instructor for ICC on green and sustainable building related issues. In addition, he has authored various articles, technical papers, books and workbooks on the subject of green and sustainable building. Prior duties at ICC have included rendering code interpretations, performing plan reviews, serving as an instructor and writing commentary and workbooks related to the International Residential Code and the International Building Code. Prior to joining ICC, Allan held the position of design and project architect at various Chicago, Illinois and Northwest Indiana design-build firms.

John Gibson

John M. Gibson, Jr., M.C.P., C.B.O., C.P.C.A., C.F.M. - John is a Technical Advisor and Instructor for the International Code Council (ICC). A certified Master Code Professional and Certified Fire Marshal; he has forty (40) other certifications, including thirty-three (33) from the ICC. Having earned a B.S. in Engineering from the University of Delaware, he has also studied Architecture at Georgia Tech and completed courses in Emergency Management and Fire Prevention at the National Emergency Training Center. Formerly the Director of the Department of Permits and Inspections for Frederick County Maryland, he is an ICC Honorary Member, has served on the ICC- Evaluations Services (ICC- ES) Board of Directors, the ICC Code Correlating Committee, the Board of Directors for BOCA International, Inc., Maryland's Governor's Smart Code Strategy Group, Chaired the ICC Board for International Professional Standards and is an Honorary Member and Past President of the Maryland Building Officials Association. He currently teaches ICC administrative, building, residential, existing building, property maintenance, zoning, green building, wildland/urban interface, energy courses, and is a contract instructor at the Dept. of Homeland Security, United States Fire Administration, National Fire Academy, and Emmitsburg, MD. He received the ICC Educator of the Year award in 2010.

Gerald Neville, P.E.

Gerald Neville, P.E., is currently a code consultant and an instructor for numerous training programs on the International Building Code. Formerly a Senior Staff Engineer, Architectural and Engineering Services, for ICC, with responsibility for development and instruction in numerous educational training programs related to structural engineering, field technology and inspection practice of building materials. His duties also included the development and maintenance of ICC's Special Inspector certification examination and served as a staff liaison to several committees involved in the development of the special inspector certification examinations. Mr. Neville received his bachelor's and master's degrees in civil engineering from the University of Wisconsin and has more than 30 years of experience in the area of code development and the application of structural provisions and in the development of related national standards. Prior to joining ICBO/ICC he represented the concrete industry in the development of model codes and national regulatory documents related to concrete.

## EduCode 2012 International Code Council (ICC)

Kevin Scott  
International Code Council  
4051 W. Flossmoor Road  
Country Club Hills, IL 60478  
708-799-2300 Office  
kscott@iccsafe.org

Kevin Scott is the Western Regional Manager for Fire Services with the International Code Council. He comes from a 30 year career with the Kern County Fire Department, CA. Kevin worked up through the ranks in his career and served the Fire Department in several different capacities, retiring at the position of Deputy Chief.

Mr. Scott has been heavily involved in the development of the building, fire and life safety codes since 1988. He served as Chairman of the Southern California Fire Code Committee and later he served on the Board of Directors for the Southern California Fire Prevention Officers Association under the California Fire Chiefs Association. He spent four years as a member of the Uniform Fire Code Development Committee. He then served on the International Fire Code Development Committee from 1998 until 2004 when he was elected to the Board of Directors for the International Code Council.

Mr. Scott has been a long time instructor for the California State Fire Marshal's Office, the International Conference of Building Officials, the International Fire Code Institute and the International Code Council.

Mr. Scott is a member of the International Association of Fire Chiefs, National Fire Protection Association, the International Fire Marshal's Association and the Society of Fire Protection Engineers.

Scott Stookey  
International Code Council  
4051 W. Flossmoor Road  
Country Club Hills, IL 60478  
708-799-2300 Office  
sstookey@iccsafe.org

Scott Stookey is an ICC Senior Technical Staff member with Product Development where he is responsible for the preparation of text and workbooks addressing fire protection, life safety and hazardous material provisions in the I-codes.

Scott is a graduate of the Fire Protection and Safety Engineering Technology program at Oklahoma State University and was a fire protection engineer with the Austin (TX) and Phoenix (AZ) Fire Departments. He has an extensive background in hazardous materials, high pile storage, manufacturing processes and emergency response. He has published over 10 articles in journals and books. Scott instructs IBC fire-related and IFC seminars for ICC.

Doug Thornburg  
International Code Council  
4051 W. Flossmoor Road  
Country Club Hills, IL 60478  
708-799-2300 Office  
dthornburg@iccsafe.org

Douglas W. Thornburg, AIA, CBO, is currently Director of Product Development for ICC. In this role, he provides leadership in technical development and positioning of support products for ICC. In addition, Doug develops and reviews technical products, reference books and resource materials relating to the I-Codes and their supporting documents. Other functions include serving as a technical expert on jointly developed products with other associations, acting as a technical liaison with outside authors/contractors, and providing oversight of quality control and technical peer review panels for ICC products. He also instructs seminars nationally on the International Building Code.

Formerly Vice-President of Education for the International Conference of Building Officials (ICBO), Doug was presented with ICBO's prestigious A.J. (Jack) Lund Award in 1996. A graduate of Kansas State University and a registered architect, Doug has over 25 years of experience in building code training and administration, including ten years with ICBO, and five years with the City of Wichita, Kansas. He is certified as a building official, building inspector and plans examiner, as well as in seven other code enforcement categories.

## International Code Council (ICC)

Steve Van Note  
International Code Council  
4051 W. Flossmoor Road  
Country Club Hills, IL 60478  
708-799-2300 Office  
svannote@iccsafe.org

Steve Van Note is a member of the senior technical staff of the International Code Council (ICC) where, as part of the Product Development team, he is responsible for authoring technical resource materials in support of the International Codes. His role also includes the management, review and technical editing of publications authored by outside sources. Prior to joining ICC in 2006, Van Note was building official for Linn County, Iowa. He has 15 years experience in code administration and enforcement, and over 20 years experience in the construction field including project planning and management for residential, commercial and industrial buildings. A certified building official and plans examiner, Van Note also holds certifications in several inspection categories.

Jay Woodward  
International Code Council  
4051 W. Flossmoor Road  
Country Club Hills, IL 60478  
708-799-2300 Office

Jay is a senior staff architect with ICC's Business and Product Development department and works out of the Lenexa, Kansas Distribution Center. His current responsibilities include serving as the Secretariat for the ICC A117.1 standard committee and the development of new ICC publications.

With more than 25 years of experience in building design, construction, code enforcement and instruction, Jay's experience provides him with the ability to communicate effectively on issues of code application and design for code enforcement personnel as well as architects and designers. Jay has previously served as the secretariat for ICC's Energy Conservation Code and the International Building Code's Fire Safety Code Development committee.

John Chrysler

John Chrysler started his career in the masonry industry in 1968 working for a single contractor until 1993 when he joined the Masonry Institute of America. Along the way, he achieved his degree in Civil Engineering from California State University, Long Beach (1992); Professional Engineer Registration (1995); and Structural Masonry.

Inspector Certification (1994). Mr. Chrysler currently serves as the Executive Director of the Masonry Institute of America. He has authored several masonry-related publications including several editions of the Reinforced Concrete Masonry Construction Inspectors Handbook, the Masonry Design Manual, Reinforced Grouted Brick Masonry and Reinforcing Steel in Masonry. Mr. Chrysler is currently President of The Masonry Society and chairs the Construction Requirements Subcommittee of the Masonry Standards Joint Committee.

Karyn Beebe

Karyn Beebe, P.E., LEED AP, is an Engineered Wood Specialist for APA covering the Southwest based out of San Diego, California. Karyn is a licensed Professional Engineer in the state of California and is a graduate of Purdue University with a BS in Civil Engineering with an emphasis in Structures. Her duties include consulting with designers and end users on the efficient specification, selection and use of engineered wood products. She is an active member in several professional organizations including the Structural Engineers Association, USGBC, and serves as Treasurer for the San Diego Area Chapter of ICC. Prior to joining APA, Karyn practiced structural engineering in San Diego designing buildings of all types. Karyn also worked for the City of San Diego's building department performing structural and life safety review of building plans.

Robert Schultz

Robert J. Schutz, P.E., P.S., CBO, has served as an Assistant Architect Administrator at the Ohio Board of Building Standards. While with the State of Ohio, he has oversight of the new Residential Code of Ohio program, including certification of local residential code departments and personnel. Previously, Bob served ICC as Manager of Instructors with responsibilities for the selection, oversight and quality of ICC's cadre of staff and contract instructors. His varied previous experiences include active military service during the 1980's as an Army Corps of Engineers (ACE) officer; building code enforcement for several central Ohio jurisdictions, including ten years as Chief Building Official (CBO) for the City of Powell where he also served as City Engineer and Director of Public Services; and Chief Engineer, for the Ohio Department of Health where he chaired the state's plumbing advisory board, was chief of plumbing and was a voting member on the Ohio Board of Building Standards. He is experienced in combat construction, facilities engineering and project management as well as having been a plumber, sheet metal worker and brick mason.

Mr. Schutz has a civil engineering degree from Ohio Northern University with post graduate studies at the University of Southern California and the Ohio State University in environmental law, land-use planning and public administration. He is a registered Professional Engineer and Professional Surveyor, certified Chief Building Official and holds Ohio certifications as Building Official, Plans Examiner and Inspector for Building, Plumbing, Electrical Safety and Residential. Bob instructs IBC structural and nonstructural seminars, all IRC subjects, mechanical, plumbing and fuel gas codes and administrative topics.

Sandra Hyde

Sandra Hyde, P.E. is a Staff Engineer with the International Code Council (ICC) Product Development Group. Ms. Hyde develops technical resources in support of the International Codes with a focus on the structural engineering provisions. She has experience in manufacturing and research with an engineered wood products company. She is a Registered Civil Engineer in Idaho and California.
